SANDWICHES  
**YOU CRAVE**  
AND **WE CARVE**

KEBA—pronounced kay-bah—is derived from the word kebab. The kebab, a Turkish cousin to the Greek gyro, is actually named döner kebab. Döner means “turning” and kebab means “roasted”.

In Germany the kebab is the number one sandwich with approximately 15,000 kebab restaurants. Our goal is to turn it into America’s favorite sandwich—one KEBA at a time.
